“ Albert Anderson, I am so sad to hear of your passing, You were a second father to me. I have so many fond memories of you and Dot. My heart is hurting today. You were such a Great husband and father, and when I met you I was only 15 years old. I was in such awe of the relationship I saw between you and Dot. You both met at 15, and you would work so hard at the Fire Department and then come home and help clean dishes, and do whatever you could to help your wife that you loved so much.

I remember after dinner, and I would come into the kitchen and you had just worked all day, And instead of using the dishwasher or not helping at all. I would walk into the kitchen to see you cleaning the whole kitchen and hear you whistling.

I remember that so clearly, and remember thinking how sweet and kind you were to help your wife. And be happy. After just working a long day.

You were always a kind and happy man.

And would do anything for your family, and anyone who needed a hand.

You became my father-in-law. I remember so many events and family gatherings and traditions. The yearly Anderson Crab fest and family reunion.

You were unlike any husband or father and then father Inlaw I ever met.

Then when the Grandchildren started to come along, you and Dot were the best Grandparents.

You truly put everyone before yourselves.

I know you are with your beautiful wife Dottie who you adored. I always thought of you as my second father, and Dot as my second mother.

You always treated me so kindly, and I have never forgotten all the little things I observed when I was in your and Dot's company. And just how you were a team, and the love I saw between you, touched me so deeply.

My deepest condolences I give and pray for your family and everyone who had the blessing to have you and your wife in their lives.

”

Just knowing that you are no longer hereafter the passing of Dot who I love and think about so much. It saddens me to know that my parents and then Dot, and now you are no longer here on Earth just brings such deep sorrow to my heart. I feel like I lost my parents all over again.

Some may think I have no right to feel that way, but for 20 years you were such a big part of my life. And and the last 15 years I have still loved and cared about you as if you were still my in-laws. You were such a wonderful and caring man, and a caring grandfather to my daughter Jenna. You both always treated me so kind.

When we talked you always treated me as if I was still a part of your family. That is just the type of family you were, and I am. so thankful for the time I had with the Anderson family and the Massey family. I know you and Dottie are now Angels watching over your family who are grieving for you.

May you rest in peace, and be with your beautiful wife again.

With Deepest sympathy,

Chrissy Palma
