“ Kathy & Alie

I was deeply saddened to learn of Dennis death. When I was assigned to the Philadelphia International Airport almost three years ago, it was truly nice seeing a familiar face of one of my former neighbors from McClellan Street. I made it a point, when I was waling around the airport in A-Arrival to always look over to the information counter to see if Dennis was working. If he was, I would always receive a warm & friendly greeting and I would stop and talk to him. He would bring me up to speed on what was going on in the neighborhood and how you & Alie were doing. We always had a few laughs when speaking about some of those characters who still live on the block.

There's so much that should be said at this time, but no words seem adequate. I wanted to take the time to let you know that Dennis, you & Alie are in my thoughts and prayers. I hope you find special comfort in knowing Dennis and all that he meant to you will remain in your hearts forever. Please accept my condolences.

*Warmest Regards,
Jim Kimrey*

“ *My condolences to Dennis' family. As a fellow employee at Philadelphia International Airport, I remember Dennis from his work at PHL. He proudly staffed the information desk in Terminal A-East and I visited him daily as one of my construction projects was right next door. His smile always brightened my day and he always had a positive recommendation on how to improve matters. The passengers loved him. He will be sorely missed.*

“ To Mrs. Mc Bride and Family,
You have my deepest sympathy; for what I have always felt about Dennis is what I call "good people". A man with a kind heart, who spoke his mind, and had a great smile.
He will be missed.
Peace,
Doris Bradpher

“ Dennis was a very kind person, he made you laugh and didn't mind helping out where ever he was needed, you could ask Dennis anything, if he didn't have the answer he would find it for you. He was very knowledgeable with information about his Job, Community and Union District. He didn't mind sharing his knowledge and skills with anyone for example: preparing the daily flight sheets, distribution of the PHL Magazines, city maps and train schedules He was a friend to everyone and love by so many. I will truly miss Dennis , Gone but not Forgotten forever in my heart. My prayers and condolences go out to the his family.

“ I will always remember teaching my Uncle Den to drive, what seems like a lifetime ago. While I had lost touch with him after I moved from PA, the couple of times that we reached out to him, it was always good to hear his voice and his laugh.

“ *Dennis was a genuine man, the kind of human being that you will never forget. He was kind, intelligent, funny, a great listener, and always willing to help anyone that needed his assistance. He was also a straightforward person, probably the quality that I appreciated the most about him. He will be missed. To his family that he truly loved, please accept my sincere condolences.*

“ *Condolences to the family of Dennis McBride, Dennis was the 2nd person that I met here in the unit we worked in at the Airport. Dennis and I had our good times and some bad, but truly I must say the good times outweighed the bad times. He was full of information and we talked about everything, especially his family, without a doubt the loves of his life. My prayers go out to all of you. A rough road ahead but just remember he will always be with you in your heart. From experience I can say everyday will be a little better than the day before.*

“ I've only known Dennis for 3 years, but in that time we learned a lot about each other. I will miss having our mini moments of sarcasm and jokes about life and watching people take the escalator when we sent the down the hall to the elevator. He as smart, funny and lively. He was always sharing information and was well liked by just about all of the employees that work for the City here at the airport. I don't think it was not one name you could mention to Dennis that he didn't know. The one thing I will not forget about Dennis is that laugh that came after he told a joke or found something funny. You knew just how much he loved his wife and daughter because he always shared a story about something that happened with them over the weekend. Dennis, I pray that your family will find comfort and peace knowing that you are no longer suffering in your body anymore. It's hard to loose someone you love deeply. But I will remember your family in my prayers and send condolences from the Peoples Family.
