Tribute Wall

HF

“ To our beloved Barton family....we are grieving with you during this difficult and heartbreaking time. You all now have an angel watching over you from Heaven, the same way that he used to watch out for you here on Earth. The world has lost a really good man....he was hard-working, quick witted, funny, wise, and loyal, but will most importantly be remembered, for how very much he truly loved all of you.....his beloved family. With all our love and sympathy, John, Audrey, John & Ryan
