“ I am so sorry for your loss. Karen will be missed. She was loving and warm and had a wonderful sense of humor. She had been suffering for a while and almost gave up but she didn't. She was so strong. Thoughts and prayers for her whole family and friends.

“ I remember Karen as we grew up and hung out in the same circle of friends at 5th and Morris. She was always quiet and not a mean person in any way. She was friendly and I remember her watching over her younger siblings. Taken way too young God speed my friend and rest easy until we meet again.
