“*Mary, you will be missed. So glad we got to know you and share so many years of friendship while you lived at the FOP. It was an honor to know such a special person. We'll miss our chats and your great sense of humor. I think Jim will even miss you punching him in the arm! We love you and hope your beautiful spirit is soaring, unencumbered by the constraints of a human body. Much love to you always.*

“ *My dear sweet Mary, Mom, my heart is aching to be able to share one more minute with you. You always had good stories of your growing up and how hard times were for you. You never let that get you down, you were always happy and fun to be with. I miss you, Mary more than you'll ever know. God has you in His arms I have you in my heart!!!*
