“ Mikey as I knew him growing up on Carlton street was just always " little mikey". Those years seem so long ago but the memories so current. He was always laughing and joking , Kelly and Tommy my thoughts are with you as no matter when the time. The loss of a brother is a loss of a part of childhood. May Mikey rest in peace and his memories bring you smiles especially with his " fighting irish" personality. Kathy Caldwell (Kane)

“ I'm shocked and sorry to hear the unbelievable bad news, Mike was my coworker on the beer truck many years ago before he became a pipe fitter, we always had a good time and laughed constantly, I will always remember him when I hear a Motown song, eat a roast beef sandwich(dry of course) or drink a Mountain Dew, rest in peace my friend.

“ *Mike always had a big hello when he was on his front porch and I walked pass with or without my greyhounds. Engaging a conversation was easy. We shared a lot about our lives, past and present If you needed help with anything, you could always ask Mike. He was the one who I would look for at the poles to vote, and he would help me understand the questions. We showed each other our ports. Going down the street pass his house is not going to be easy. Mike will live on in my memories and heart. Coleen Boyd*
