“ *Nick will always be in our hearts, we will miss him tremendously. He was with us during our most difficult time of our lives, we are grateful for that, giving us support and good advice. We spent a lot of time with him talking, got to know him and realized what a great individual he was, good hearted and had a great spirit. He wanted the family to be together more than ever, no matter where. It is very painful to loose him at such a young age and only God knows why! Love you forever Nick.....*

“ I was really close friends with Nick as a kid through Shot Tower and the neighborhood. I only have great memories of hanging out with Nick and his brother Rod. It was always a fun time with him from playing Pokémon, being at Shot Tower , their house ,running around the neighborhood doing kid things etc. He was a big part of my childhood. Unfortunately we drifted away as we got older for no real reason. I ran into Nick one night a few years ago and we caught up about what we were doing in life. It was great and felt like no time had passed. He had an infectious personality I. I am really sad to hear about this. Condolences to his family

“ Nick was such a kind and friendly person. I met Nick through my cousin Ricky and he later attended several of our family BBQ's. He fit right into the crowd and carried himself with such a positive and cheerful demeanor. The first time I met him, he offered my cousin and I a safe ride home back to NJ so we didn't have to take the train home late at night. He offered his help with various other things as we grew to know him more. As a group, we went out a few times, and along with his wife Ana, we shared in some thought provoking conversation. He was all around just a really nice guy. My deepest condolences to his family, it is truly a great loss.

“ *My sincerest condolences go out to Nicholas' family.*

*I met Nick when he started with us at AccessIT a few years ago. He loved what he did and showed so much motivation and drive to be better at it. My advice to him was always keep learning. He was always first to volunteer to train on something new and was proud to show off his new achievements. As Nick could have been one of my own kids, I always pushed him in conversation to learn from the people around him as he had access to knowledge most people pay a lot of money for. I saw great things for him to come.*

*A su viuda Anna, Lamento su pérdida y quiero que sepa que oraré por la fortaleza, la paz y la comodidad para usted y su familia.*

*R.I.P Nick...*

“ *We loved Nick, even though it's been a lot of years since we've seen him. We are so sorry to hear of your loss. Nick was a close childhood friend of our son, Alex. Nick's big smile and outgoing personality lit up any room he was in. As a child, having him at our house guaranteed lots of laughter and fun. This is such sad news for your family and the community,  
We send to you our sincere thoughts of sympathy.

“ Nicholas always reached for the stars and what lies beyond. He was a spitfire with a heart of gold. He always did things his way, regardless of what followed. He looked and leaped, braving turbulent waters for the chance to pioneer in life. He could find order in chaos and radiate joy from the mundane. If only we can be as grossly incandescent as he was in his short visit to our plane of existence. Godspeed wherever you are, Nicholas. May your adventure never yield for any force, in this universe, or the next.
